April 1

## MASTER OF SCIENCE IN FINANCE

The Master of Science in Finance [MSF] Degree Program will equip students with knowledge and skills necessary to succeed in business and advance in careers in Finance. In this intensive graduate program, students learn to analyze and solve complex finance and investment problems and practical issues in the areas of corporate finance, financial market and institutions, investment and portfolio management, financial engineering, and financial strategy. Further, this program will be of great help to students and practitioners who are preparing for professional designations such as CFA (Chartered Financial Analyst) or CFP (Certified Financial Planner).
